

EARTHQUAKE AWARENESS WEEK ***January 11, 2021-January 17, 2021***

The ODPEM traditionally recognizes January as Earthquake Awareness Month; this year's campaign will be observed from **January 11-17, 2021**. The theme this year is:

**"Earthquakes have no season, do your part
be Earthquake Smart."**

All Institutions and Offices are encouraged to observe this period and sensitize staff and trainees on procedures to follow in the event of an earthquake. Due to the continuing pandemic (COVID-19) which requires us to social distance it is being recommended for drills not to be conducted at this time. We have provided a link to a video that provides useful tips on procedures to follow during a quake.

Click or Copy and Paste the Link below to view the Video.
